

# COMPATRIOTS TARTAN

**THIN  
BLUE  
LINE** UK

The Thin Blue Line Compatriots tartan was designed to show the bond that exist between all who serve on The Thin Blue Line in the U.S.A. the United Kingdom and all around the world.

The colours chosen were taken from Old Glory, (the standard of the U.S.A.) and the silver of the badge and of peace. The set up is measured thus, 50 threads of uniform dark blue, 13 blue, 7 red, 6 white, 10silver,10 royal blue which represents the thin blue line.

We have now expanded on the original design and the Compatriots Spirit of Peace tartan has now been produced with the background colour changed to white to signify our commitment to peace, initially this will be available in scarves and our range of Celtic brooches which we hope will be a hit with your colleagues.

The tartan links together all the States of America and every free nation, all of the colours represent individual states and nations and they are then brought together with the single blue line which intersects all other to create the bond which is The Thin Blue Line.

Wear them with pride.
